

To prepare for our class writing project, 'Poetry that hides in things', make a list of objects that are special to you. You can then use this list in class to give you some inspiration for your pieces of writing.

Create your own place value game to reinforce your understanding of how a digit's place affects its value.

Create your own solar system. Try and use a variety of materials and objects. Perhaps you could even use some recycled materials.

Homework Mat Autumn1 2024 Year 5CH and 5NH

Create a piece of artwork linked to our geography topic 'What is life like in the Alps?' This can be whatever you want it to be. Be as creative as you like!

Write a fact file about space. You could decorate it and present it to the class.

Create a poster to promote **inclusion**, **equality** and **diversity**. Think about what these words mean to you. We will be covering this topic during our PSHE lessons this half term.
